

Oakdale Court Time Policy

All Coaches must endeavour to give all players equal court time throughout the season. (Subject to illness, injury, holidays, family events or school commitments. Coaches will not be obliged to make this time up.)

Attendance must be recorded by the coach each game and provided to a club official.

Sub-Primary players must be rotated through all positions throughout the season.

If a player is selected to fill in for a higher team for a regular season game, that player must receive at least one half of that game, on court.

Sub-Primary and Primary players must receive a minimum of one half of the game on court, for each finals game they are qualified for.

In all other age groups, players must receive a minimum of one quarter of the game on court, for each finals game they are qualified for.

Reward for effort is encouraged at all times. Training attendance will be recorded for each player during the season.

Where a player does not contact a team official within a reasonable timeframe prior to training to advise of their non-attendance, that player should expect they might not take the court in the first quarter of the following match.

Attendance at TID sessions for selected players is compulsory. Non-attendance could jeopardise the player's position within the TID eligible team.

This policy is reviewed and endorsed by the Committee of the Oakdale Netball Club.
